Attendance Policy

Students are highly encouraged to attend all class sessions. If a class is missed, it is the student's sole responsibility to make up any coursework, assignments, quizzes, or tests.

Frequent tardiness and/or absences are cause for disciplinary action such as probation or dismissal. For In-Class Education, Students with 21 consecutive days of absences will be withdrawn. For Distance Education, students who accumulates more than a week's absences in any class (more than the number of times the class meets per week), consecutive or nonconsecutive, an instructor may file a petition in the Admissions and Records Office requesting that the student be dropped from the class. In addition, students who fall below 80% of attendance will be placed on attendance probation and are allowed a maximum of thirty days to raise their attendance to meet the required percentage. The students are notified of the attendance probation in writing and are counseled. At the end of the thirty-day period, if the student's attendance is still below the minimum required, the student may be terminated. The student may appeal to the Director of Education for an extended probationary period if mitigating circumstances are presented in a documented form. If a student is terminated due to unsatisfactory attendance, he/she may appeal to the Director of Education for re-admittance.

1. Absences - Attendance is taken daily. Students are advised to call the school to inform their instructor of their absence. If the instructor is not available, leave a message on their voice mail. **2. Tardiness/Leaving Early** - Tardiness is a disruption of a good learning environment and is discouraged. Frequent tardiness without legitimate reasons may be cause for disciplinary action. Students arriving fifteen (15) minutes late for a class or leaving fifteen (15) minutes early prior to the end of class will be considered "tardy" or "left early". Three times of "tardy" or "left early" constitute an absence, which may affect the student's overall attendance and must be made up.

3. Make-up Assignments/Tests/Time - Regularly scheduled class hours, missed assignments, test and/or retests may be made up if the following conditions are met: *

1) Make-up must be completed no later than 30 calendar days from the scheduled date of the missed assignment or test.

2) Make-up of assignments and tests. The appropriate instructor must approve tests or retests.

Because the courses are based on hours, missing school necessitates a postponement of your anticipated completion date. Each hour missed extends your program.

Graduation Requirements

Students are required to complete all modules in their program with a "C" or better grade average in order to satisfy the requirements for graduation.

Probation and dismissal Policies

Students will be dismissed or suspended from classes or courses if they are disruptive or exhibit inappropriate behavior within the classes, or if they miss more than 20% of a class, or if they do not meet the minimum requirements for satisfactory academic progress. A record of progress and all classes or courses completed will be kept in the student's file in the administrative office. Once the student is put on probation they will be evaluated at the next evaluation point. If the student meets the required attendance percentage at that evaluation point, the student is removed from probation and is notified in writing of having achieved good attendance standing. The Director of Education may temporary suspend students whose conduct is disruptive or unacceptable to the academic setting. After appropriate counseling, students who demonstrate a genuine desire to learn and conform to school standards of conduct, may be allowed to resume attendance. The director will review each case and decide upon re-admittance. Termination also may be the result of a student violating the following policies: a) satisfactory academic progress, b) attendance policy, c) the conduct policy.

Leave-Of-Absence

Written requests for leave will be considered at the discretion of the school administration. A leave of absence will be granted for emergencies only. A leave of absence must not exceed 60 days during the program. Students may request a leave of absence exceeding 60 days only for medical reasons. It is the student's responsibility to contact the school after the leave of absence to continue their program.

Reinstatement

The appeal process may reinstate a student who has been terminated for failing to maintain satisfactory academic progress or attendance. The reinstatement process must have the approval of the Director. A student may reinstate only once.

Refund Policy Example

Computer Applications Online Course refund example. This example is based on 100 hours attended before withdrawal:

Total Course Cost: \$5,500

\$ 250.00	Non-refundable Registration Fee
\$ 600.00	Computer (Non-Returnable)
\$ 100.00	Printer (Non-Returnable)
\$ 150.00	Software: Microsoft Office (Non-Returnable)
\$ 150.00	Software Installation and Shipping (Non-Refundable)
\$1,250.00	= Non-Refundable fees owed to School

\$4, 250.00	Tuition
Divided by 240	Total amount of course hours
Equals \$17.71	Charge to Student per hour
Multiply by 100	100 hours attended before Written Notice of Withdrawal
=\$1,771.00	Tuition for training hours provided owed to School
=\$3,021.00	Total amount owed to School

\$5,500	Total Course Cost
-\$3,021.00	Total amount owed to School
=\$2,479.00	Total Amount of Refund Owed to Insurance Company

If the student is eligible to pay the Student Tuition Recovery Fund fee, the total amount of \$3,021.00 is rounded to \$3,000.00 multiplied by .0, which equals to \$0, amount that will be added to the total amount due. This charge is collected at the time of registration, if applicable to the student, and it is a non-refundable charge. Therefore, the total amount owed to the school will be:

\$3,021.00	Total Amount Owed to School
+\$ 0.00	Student Tuition Recovery Fund Fee
=\$3,021.00	Total Charges

\$5,500.00	Total course cost
\$3,021.00	Charges
=\$2,479.00	Total Amount of Refund Owed to Student

The above example is a guideline to help the Student and the School determine the amount owed to the School and the amount of the refund returnable to the Insurance Company, under the terms and conditions provided in this agreement.

NOTE: If the school has transmitted the student the balance of the material as the student has requested, the school will provide the other educational services it agreed to provide, such as responses to student inquiries, student and faculty interaction, and evaluation and comment on lessons submitted by the student, but it will not be obligated to pay any refund after all of the lessons and material are transmitted.
